SUMMARY

Results-driven Full Stack Developer with practical experience in designing and developing scalable web applications, enterprise software, and database-driven systems. Proficient in Laravel, Next.js, TypeScript, PHP, MySQL, and RESTful APIs, with strong expertise in both frontend and backend development. Passionate about building efficient, secure, and user-friendly solutions that solve real-world problems.

EXPERIENCE

Software Director

Computer Science Department

2024 - 2025, Ogun State

- Served as Software Director for the Computer Science Department.
- Led software development initiatives, coordinated technology projects, and supported fellow students in programming and software engineering activities.

Industrial Training (IT)

The Gateway ICT Polytechnic, Saapade

2024 - 2025, Saapade

- Completed a one-year Industrial Training program focused on Full Stack Web and Software Development, gaining hands-on experience with Laravel, PHP, Next.js, TypeScript, MySQL, and modern development workflows.

SIWES Internship

The Gateway ICT Polytechnic, Saapade

2023, Saapade

- Completed a four-month Student Industrial Work Experience Scheme (SIWES), acquiring practical skills in software development, web technologies, problem-solving, and professional workplace collaboration.

PROJECT

Authentication & User Management System

- Built a complete authentication solution featuring user registration, login, role-based access control, and account management.

Smart Cooperative Society Management System

- Designed a cooperative platform for savings, loans, branch operations, and financial record management.
